

# THE INSPIRED WORD OF YHWH WRITTEN

Since **YAHUSHUA** is the Word of **YHWH**, In the beginning was the Word, and the Word was with **YHWH**, and the Word was **YAH**. **John 1:1**

The living Word needed to be written, so **YHWH** could speak to his cherished creation, to reveal himself, the mysteries of life, his commandments and his plan of redemption.

So, **YHWH** began to inspire his select **CHOSEN** vessels to write down his Word through the inspiration of the **Ruach ha Kodesh** (Spirit of **YHWH**). To detail how **YAH** commands **MAN**kind to live right before him, to give account of events that happened thought history and to prophesy events that would happen in the coming future, so that **MAN**kind could see his Divine Nature in the evidence of these things and would come to believe.

**YHWH** in all his mercy has given **MAN**kind himself, written within the pages of a **LIVING WORD**, a word that when heard would bring forth **FAITH** and through this **FAITH**, a select few would believe and become the **CHOSEN**.

**YAH's** law was given unto **MAN**kind to establish his commandments, to give **MAN**kind the understanding of **YHWH's** ways and by what we would be judged. Because **MAN**kind would **SIN**, he required **SIN** offerings to cover the many **SIN's**. Because **MAN**kind could not follow these commandments and the **SIN** offerings were not sufficient, **YHWH** came up with a better plan and this was to become a **MAN** and dwell with **MAN**, giving clarification about the **NEW** plan, which is the **NEW** Covenant in which **YAH** would give himself as the final **SIN** offering for those that would believe in him and receive him as their **SAVIOR** and their **YAH**, sealing it by giving his **Ruach ha Kodesh** (Spirit of **YHWH**) to those that accept him and call on his name **YAHUSHUA**.
